

SERIP

Voa Trunk Extra Large

REFERENCE CT3419/15

DESCRIPTION

Inspired by Portuguese soul and a dramatic game of shadows and light. This marvellous species of swallows known as "Hirundo Rustica" presents spectacular ballets where they paint the skies like ballerinas. Their funnel-shaped bodies are also a Portuguese icon, which translates our soul in movements and shapes. The unfindable configurations that they perform allow this singular collection to create beautiful visual compositions. Either in suspension or standing on the walls, they create a dramatic game of shadows and light. Also, they can stay aligned, side by side, in an extreme organic and sharp textured tree branch creating extraordinary contrasts with the smooth and fluid shapes of their bodies. Ideal for any orientation composition, creating games of shadows and light for classic and contemporary interiors. Perfect for hospitality projects.

Finish shown here Metal RO | Glass 10

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.

DESCRIPTION

Inspired by Portuguese soul and a dramatic game of shadows and light. This marvellous species of swallows known as "Hirundo Rustica" presents spectacular ballets where they paint the skies like ballerinas. Their funnel-shaped bodies are also a Portuguese icon, which translates our soul in movements and shapes. The unfindable configurations that they perform allow this singular collection to create beautiful visual compositions. Either in suspension or standing on the walls, they create a dramatic game of shadows and light. Also, they can stay aligned, side by side, in an extreme organic and sharp textured tree branch creating extraordinary contrasts with the smooth and fluid shapes of their bodies. Ideal for any orientation composition, creating games of shadows and light for classic and contemporary interiors. Perfect for hospitality projects.

Finish shown here Metal CH | Glass 10

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

DESCRIPTION

Inspired by Portuguese soul and a dramatic game of shadows and light. This marvellous species of swallows known as "Hirundo Rustica" presents spectacular ballets where they paint the skies like ballerinas. Their funnel-shaped bodies are also a Portuguese icon, which translates our soul in movements and shapes. The unfindable configurations that they perform allow this singular collection to create beautiful visual compositions. Either in suspension or standing on the walls, they create a dramatic game of shadows and light. Also, they can stay aligned, side by side, in an extreme organic and sharp textured tree branch creating extraordinary contrasts with the smooth and fluid shapes of their bodies. Ideal for any orientation composition, creating games of shadows and light for classic and contemporary interiors. Perfect for hospitality projects.

Finish shown here Metal FO | Glass 10

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
