

SERIP

Waterfall Torus Medium

REFERENCE CT3297/10

DESCRIPTION

Inspired by the movement of the flow of a waterfall that has an intrinsic verticality, the Waterfall collection plays with the duality of visually dense glass pieces and the minimalism of its bronze structure. The glasses in the collection are presented as fragments of water suspended and immobilized, and there are a wide variety of chromatic options, a feature that combined with the different colour finishes that can be applied to bronze makes it possible to combine decorative elements of various shades with a magnanimity that collection can bring to a space.

Finish shown here Metal CH | Glass 06+10+15

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.

Waterfall Straw Quad

REFERENCE CT3307/32

DESCRIPTION

Inspired by the movement of the flow of a waterfall that has an intrinsic verticality, the Waterfall collection plays with the duality of visually dense glass pieces and the minimalism of its bronze structure. The glasses in the collection are presented as fragments of water suspended and immobilized, and there are a wide variety of chromatic options, a feature that combined with the different colour finishes that can be applied to bronze makes it possible to combine decorative elements of various shades with a magnanimity that collection can bring to a space.

Finish shown here Metal FO | Glass 10

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

Waterfall Horsetail

REFERENCE PA639/5

DESCRIPTION

T

Inspired by the movement of the flow of a waterfall that has an intrinsic verticality, the Waterfall collection plays with the duality of visually dense glass pieces and the minimalism of its bronze structure. The glasses in the collection are presented as fragments of water suspended and immobilized, and there are a wide variety of chromatic options, a feature that combined with the different colour finishes that can be applied to bronze makes it possible to combine decorative elements of various shades with a magnanimity that collection can bring to a space.

Designed and produced by hand in Portugal.

Serip reserves the right to make changes or improvements at any time it deems useful to guarantee the highest quality standards for its products.

Hand-finished, some variations may occur.

All the glass models are designed by Serip and exclusively handmade produced, establishing a unique and prestigious feature of the glass handwork art. For this reason, there is the possibility of variation in measures, weight, colour and shape represented.

TECHNICAL SPECIFICATIONS

MEASUREMENTS

Height 185cm / 73in

Weight 26kg / 57lb

PACKAGE SIZE & WEIGHT

(m)Package 1/2 1.00cm x 0.85cm x 2.03cm
=1.73CBM

(in)Package 1/2 0.39in x 0.33in x 0.80in
=0.11US GAL

ELECTRIC FEATURE

Installation Floor lamp
IP degree IP 20

220-240V 50Hz-60Hz
Max Power Consumption 200W
Light Sources
5 x G9 Max 40W

Included Sources

Light Sources
3 x G9 LED 3,5W
Lumens 1050lm
Kelvin 2700
CRI 80

110-120V 50Hz-60Hz
Max Power Consumption 200W
Light Sources
5 x G9 Max 40W

ENERGY RATING

This luminaire allows lights sources with energy efficiency class

CARE INSTRUCTIONS

Due to the nature of our exquisite hand applied finishes, wipe clean with a soft, dry cloth or static duster must be used to clean the fixture.

Always avoid the use of harsh chemicals or abrasive cleaners as they may cause damage to the fixture's finish.

Cleaning is limited to the outer surfaces, shades or glass. It is important to ensure that no moisture enters the terminal compartment or reaches any live parts.

As our products are subject to technical modifications, we cannot guarantee, that all information is always up to date. Please contact our [technical department](#) with any queries.
