## DESCRIPTION

As Icalmo, Invero combines the features of a craft technique with optoelectronics innovation. Added to Incipit - an optical, thermal and technological machine - Artemide combines a human and craft dimension, contemplating the beauty of imperfection thanks to the revisitation of the blown glass. Invero resumes in the proportions the classic form of the Veronese vase, typical of the Venetian glass production. It is a reinterpretation of the traditional glass processing techniques not only in the finish but also in the form that is translation of a specific craftsmanship production. Invero, even in its geometry, becomes a tribute to a historical memory, takes up ancient knowledge and values in a contemporary craft key skills, supporting and preserving them.
