

Stabligh Smart - Blue

Arik Levy

IP20 

LUMINAIRE

- Watt: **3x6,8W**
- Efficiency: **100%**

DESCRIPTION

Stabligh Smart start from the intelligent Stabligh suspension system: the three arms supporting the luminous bodies can rotate to close in line or open up to 360° so as to adapt to any spatial configuration and follow flexibly the changing needs of light environments. In Stabligh Smart the lamp body is naked, without the characteristic Stabligh glass, but became colorful, coordinated with the colour of the fabric cables that support them.
