**SOFAS, SUNBEDS AND CHAISE LONGUE**

## **Alcove Daybed**

Design by Atmosphaera Creative Lab

It was said that in Arab countries every sheikh had a golden alcove as a place of loving intimacy, adorned with precious oriental silks and painted in gold.

Alcova was designed as a hybrid and covered space but communicating with the external environment and nature. A sturdy but comfortable aluminum structure, a system of modular teak panels that repair without obscuring, a welcoming and ergonomic cushions where you can find a unique dimension in which space and time beat at your own pace.
