

16

armature

Formed by sequentially pouring three separate puddles of molten glass of varying opacity and colour over a horizontal plane. Each layer responds to the indeterminate shape of the previous pour to create a layered whole. Two of these pieces are then attached to house an internal light source.

A steel armature system in a soft-touch matte black finish allows pre-composed branches to be easily connected to a series of hubs during installation.

armature

Lamping

1.5w LED

Material

poured glass, electrical components,
black canopy, and matte black
rubberized steel armature components.

Extender Lengths

150mm (5.9")
250mm (9.8")
500mm (19.7")
1200mm (47.2")
750mm (29.5") attached with
2 pendants (16.33a.1 only)

Patent

US patent # D754,911
EU patent #002672774 - 0001 to 0012
