Structure Sofa

Designer: Alain Gilles

Structure Sofa was born from the idea of playing with the structure of a classic sofa, to reveal an inside that is softer and to create a dynamic movement between the seat and the backrest. The metal core is in some places visible, in others it is partially hidden, giving it an absolutely informal look. The colours of the metal frame can in fact be chosen tone-on-tone or in contrast to the upholstery, thus creating an unexpected visual effect. The

upholstery, in fabric or leather, is fully removable. Structure Sofa allows maximum modularity, thanks to the numerous elements, which make it possible to create, in addition to the linear sofa, solutions with chaise longue or corners, combining comfortable poufs or coordinated armchairs. Its innovative design is particularly admired, and has allowed it to win prizes and recognition, among them, the Henry Van de Velde Label.
