Grazie al suo design distintivo e al suo grande comfort, Elan è uno dei prodotti più venduti del catalogo Cappellini. Nel corso degli anni sono state aggiunte nuove opzioni e varianti alla famiglia, che adesso comprende poltrone, divani a due e tre posti, pouf e altri elementi di seduta, per creare composizioni lineari e angolari. Progettato originariamente da Jasper Morrison nel 1999, Elan incarna quella semplicità e quel minimalismo tipici del designer inglese.

With its signature design and great comfort, Elan is one of Cappellini's all-time bestselling sofa models. Over the years, additional options and variants have been added to the family, which now includes armchairs, two and three-seater sofas, ottoman and various elements for creating linear and angular formations. Originally designed in 1999 by Jasper Morrison, the Elan incorporates the same simplicity and linear designs for which Morrison has become famous.

JASPER MORRISON

Londinese di nascita, Jasper Morrison si laurea al Royal College of Art e apre il suo primo studio nel 1986 per iniziare, subito dopo, una lunga e fertile collaborazione con Cappellini.

Questo fortunato incontro ha portato ad accogliere nella collezione Cappellini più di 30 progetti di successo, tutti connotati dalla cifra distintiva di Morrison, che pone sempre un'estrema attenzione ai dettagli, ai materiali, alle forme, all'ingegnerizzazione del prodotto, al comfort e alle finiture.

Oggi Jasper Morrison vive e lavora fra Londra e Tokyo ed è considerato uno dei più importanti designer industriali degli ultimi decenni. I suoi prodotti sono presenti al MoMA di New York e in altri importanti musei di tutto il mondo. Morrison dona ai suoi progetti un'eleganza minimalista che li rende estremamente moderni, pur ponendosi come una sorta di archetipo essenziale legato al passato, anteponendo sempre la funzione all'espressione.

Born in London, Jasper Morrison graduated from the Royal College of Art and opened his first studio in 1986, when he also began a long and fruitful collaboration with Cappellini.

This fortunate encounter led to the introduction of more than 30 highly successful products as part of the Cappellini collection, all defined by Morrison's distinctive design, as well as by his rigorous attention to details, including materials, shapes, engineering, comfort, finish and color.

Today, Jasper Morrison lives and works in London and Tokyo and he is considered as one of the most successful industrial designers of the past few decades. His designs are represented in the MoMA in New York and other prominent museum collections around the world. Morrison infuses his projects with a minimalist elegance that makes them extremely modern, though they can also be considered essential archetypes with roots in the past, whereby function always comes before form.
