

# SOLITARIO

Marcello Colli & Maurizio Di Mauro

Solitario è prima di tutto un sistema personalizzabile. Il corpo cilindrico principale che contiene la sorgente luminosa GU10 è il fulcro di tutta la famiglia di prodotti. Combinato con diversi tipi di sfere e accessori crea numerose possibilità di utilizzo, offrendo una varietà di opzioni per progetti residenziali o commerciali. Attraverso l'utilizzo ripetuto dei rosoni multipli, con Solitario si può "portare" la luce in ambienti molto grandi, partendo da un solo punto di uscita della corrente (consultare la guida con gli esempi di installazioni e progetti). Modello rappresentativo della categoria chiamata "Archi-Decorative".

*Solitario is first of all a customizable system. The main cylindrical body containing the GU10 light source is the fulcrum of the whole product family. Combined with different types of spheres and accessories it creates numerous possibilities of use, offering a variety of options for residential or commercial projects. Through the repeated use of multiple canopies, with Solitario you can "bring" light in very large rooms, starting from a single point of supply (we invite you to consult the guide with examples of installations and projects). Representative model of the "Deco-architectural" category.*
