
Rugby

2020

Two-tone deep pile rug in soft synthetic fiber. The pile is made using the tufting technic and is soft to the touch, with a strong marking effect. The distinctive design consists in two organic concentric shapes in different tones. These parts are heat sealed and this avoids visible joints on the rug's surface. The rug is flush edged in the same tone as the coloured areas. The natural colours offered and the iridescent nature of the fiber give character and refinement to every room. Ruggy is available in two different sizes and four colour combinations.
