

Elements^o

outdoor luxury

Manutti^o

Designed by Gerd Couckhuyt

With its inviting form and fascinating design, the Elements seating island is a sight for sore eyes. This ultra-modular and movable seating concept allows for endless arrangement options, due to the changeable back positions. A slender strip of illuminating LED lights gives Elements a floating impression. Subdued colours are combined with the durability of Quarryl®, developed by Villeroy & Boch. Elements was awarded a Red Dot Award in 2014.
