SUPER_POSITION

Designed by Jean Nouvel Design

Formal lightweight, graphic sign, simple design, harmonious aesthetics, essentiality are the hallmarks of Super_Position bookcase family, designed by Jean Nouvel Design.

“Overlapped lines are a tribute to the lightness of horizontality. Uninterrupted vertical lines cross the shelves, which extend like small diving boards into the void.

Objects, vases and sculptures can express their differences of scale in empty spaces, in the niches in the middle or on the ends of the overlapped lines.” Jean Nouvel

Super_Position is available in a monochromatic version, with the exception of compositions A-B-C-H-I where it is possible to select the color and/or finish of some shelves. These compositions (A-B-C-H-I) are available in two-tone or two-material versions.

STRUCTURE

Super_Position features uprights and shelves in extruded aluminium, assembled by using an invisible junction system, capable of ensuring structure stability and a special resistance to loads. Free-standing bookcase, with depth 40 cm. Aluminium upright Ø22mm, shelf thickness 20 mm, available in various lengths and heights. Entirely made of aluminum and 100% recyclable.

Available finishes: matt white painted, matt black nickel painted and natural anodized brushed aluminum.

MONOCHROMATIC COMPOSITION

The bookcase is available in 6 different compositions in various lengths and heights:

Composition A: W545 H192.2 D40 - Composition B: W365 H108.2 D40
