

GHIROLETTO

MAURO LIPPARINI

The wood paneling combines outstanding elegance with a functional use: from a purely decorative element to a vital part of the furnishings, without neglecting its fundamental aesthetic value. A combination of coatings and integrated lighting elements, whose central part constitutes the headboard of the Ghiroletto container bed base, signed by Mauro Lipparini.

The padded bed frame with removable cover in fabric, imitation leather or leather, is the new proposal for the sleeping area by MisuraEmme. A versatile and subtle piece whose strength lies in the interaction with the wall panels.

The great compositional variety is covered in different finishes: fabric, lacquered, wood. The paneling system can be furnished with integrated lighting solutions and aluminium brackets.

Clean lines favors material expression, functional design embraces a sophisticated allure: the new MisuraEmme's spirit animates the night area with charm.
