

PEDRALI®

TOA TOA240X90

DESIGN:
ROBIN RIZZINI

The Toa table combines a technical-industrial style with decorative allure, giving life to a functional and evocative product. Lightweight and minimalist, is characterised by a solid die-cast aluminium frame. The main features are its tapered bridge legs made of die-cast aluminium, which are thinner at the base and widen up towards the "T" element that supports the top. Available in smaller sizes, it's equally suitable for "light" offices, executive rooms and residential spaces.

Toa is available in a wide range of finishes.
