

Keel, 922/L
poltrona \ armchair

La poltrona Keel, parte dell'omonima collezione costituita da sedia, poltroncina e sgabelli, nasce da una ricerca sul tema del rapporto tra rigore geometrico e sinuosità organica. Questa poltrona presenta una struttura lineare in tondino di metallo ed elementi d'appoggio in massello di frassino.

The Keel armchair; part of the homonymous collection consisting of a chair, small armchair and stools, is the result of the research into the relationship between geometric rigor and organic sinuosity. This armchair features a linear structure in metal rod and support elements in solid ash wood.
