

Gong

DESIGN BY
SERGIO PRANDINA
2012

^{IT} Tra le pagine di questa storia si raccoglie il fascino delle tradizionali lanterne cinesi. Gong si ispira alla loro forma che contiene, protegge e porta la luce. Il diffusore è un bozzolo di cristallo soffiato, inciso esternamente e decorato sia all'interno che all'esterno, lasciando che la porzione rivolta verso il basso riveli tutta la purezza del vetro. Dopo una sofisticata ricerca su verniciatura, specchiatura e metallizzazione, la lampada si accende raccontando raffinatezza, riflessioni ed evanescenze di metalli e materiali preziosi.

^{EN} Among the pages of history, one finds the charm of the traditional Chinese lantern. Gong is inspired by their shape, which contains, protects and projects light. The diffuser is a blown crystal cocoon, externally engraved and decorated both inside and out, while the lower part is left to reveal all the purity of glass. Having completed advanced research on painting, mirroring and metallization, the lamp lights up to demonstrate the refinement, reflections and evanescence of precious metals and materials.
