

SCOOP LOW CHAIR

NEW

Inspired by motor racing 'tub' seats Scoop has been re-designed in 2018 for maximum comfort and visual impact. Engineered from new foam moulded curves, Scoop hugs the contours of the body.

SCOOP LOW CHAIR

Code
SCL02

Year of Design	2009
Material	Legs – Solid Oak. Foam shell,
Notes	Made to order.

SCOOP LOW CHAIR

Process

Scoop is made from injection moulded polyurethane with an additional layer of soft foam to give greater comfort.

Black legs – Made from solid birch with a black lacquer

Oak legs – Made from solid oak with a clear UV lacquer

Cleaning Instructions

Use a soft damp cloth to clean the legs only, no abrasive agent.
