

Ispirata dai classici e reinterpretata.
La scocca dalla forma organica della step è composta da un telaio autoportante, schiumato in gomma integrale colorata chiamata "soft touch".
Si adatta alla forma del corpo e trasmette una piacevole sensazione di morbidezza che dona alla seduta il massimo comfort. All'attraente fusto con 4 gambe in metallo, disponibili anche nell'elegante versione rivestita in legno nell'essenza noce americano o rovere, si aggiungono le varianti a slitta e la base centrale in pressofusione di alluminio.

Inspired by the Classics and reread.
The organic shape shell is made of a self-supporting frame, injected with coloured integral foam called "soft touch". The shell fits the body shape offering a pleasant sensation of softness which gives the seating the utmost comfort. Beside the attractive 4-leg base in metal or with elegant wooden legs in American Walnut or oak, step is also available with cantilever base and central column base in lacquered die cast aluminium.
